Program Descriptions

Drop-In

The Drop-In operates 6 days a week, offering programs to adults that are homeless or living in precarious housing. We offers breakfast, lunch and afternoon snacks, access to computers, internet, phones, TTC tokens, showers, clothing and other personal care supplies. We have a primary care physician clinic operating on alternating Mondays, a foot clinic on Thursdays, and Dental Coach Services.

Street Outreach Services

Our outreach program serves clients that live on the streets. We build relationships through active engagement that has been pivotal to establishing trust and support with the end goal of helping clients to obtain permanent housing. The outreach team provides informal counseling, linkages with income supports offices, and assistance with housing searches. The catchment area includes Scarborough and stretches west to Jane Street in North York.

Housing Help Program

Housing Follow-up Case Management: Provides intensive case management support services to clients with complex needs, including significant mental and physical health and addictions issues. Services are provided within the housing-first model, where securing and stabilizing housing is the primary goal. Clients receive regular community visits to help maintain their housing and access referrals to other relevant community services.

Housing Help Worker: Provides intake and assessments to support clients towards finding both market-rent and social housing. Our worker provides follow-up supports for clients that have completed Special Priority Program applications, to ensure housing stability and connections are made with community resources.

Landlord Recruitment Specialist: Conducts outreach to prospective landlords in Scarborough, in order to build a registry of affordable and quality market-rent housing listings.

Opiate Addictions Services Project

This program provides case management for those with opiate dependency, group supports, and public education workshops in the community.

Massage Parlor / Micro-Brothel Outreach

This program provides weekly HIV prevention outreach services to sex workers in micro brothels and massage parlors in Scarborough. Outreach workers travel to brothel and parlor locations to build rapport with the owners and sex trade workers and to distribute harm reduction supplies and accompany sex trade workers to sexual health clinics for testing for HIV and STI's.

Financial Empowerment and Problem-Solving

The program provides one-on-one financial coaching and support to empower clients to increase their financial problem-solving skills; income tax filing throughout the year; an annual income tax clinic in March and April; workshops on banking, credit and other budgeting; and volunteer opportunities.

Civic Awareness Projects (CAP)

Civic Awareness Projects aim to increased residents of Scarborough their knowledge about Canadian civic society and their capacity to be active civic participants. CAP implements civic workshops with an emphasis on evaluating the impact of civic education programming on enhancing newcomers' individual sense of efficacy as well as its ability to impact the participation levels and inclusion of those in the community.

Rent Bank Every Tues & Wed 9am - 4:30 pm. By Appointment only: 647-518-1543- Gen

JUNE 2019 Calendar

Agincourt Community Services Associations is a multi-service agency located in the heart of Agincourt with a mandate to serve the community's needs and to empower children, youth, newcomers, homeless, seniors, and otherwise underserved communities to build a better tomorrow. We provide various programs at different locations to bridge the services between people who need help and those who can provide it.
