

Who We Are:

Action for Neighbourhood Change (ANC) is about bringing residents together to make positive changes. This project is guided by the people who live and work in the community.

It will provide opportunities:

- To get to know one another.
- For the community members to come together to find issues that matter most to them and work on solutions.
- To get to know and involve local businesses, government representatives, faith groups and community agencies in your neighbourhood.
- To work with other residents to create a shared vision of your neighbourhood.
- To develop new leadership skills.
- To identify priorities for your neighbourhood.
- Community members are aware of services available to them.
- To start up and lead resident-led neighbourhood projects.

Resident Engagement – Why is it so important?

When people believe they can make a difference, they often do – and when they work together, their efforts are increased. By building strong neighbourhoods, the entire city is strengthened. If you would like to find out more about the ANC Steeles/L'Amoreaux project and join our group, please visit our office, call, or email us.
