SYRIAN NEWCOMERS PROJECT

The Syrian Newcomer Project is a unique and exciting Project that will empower 500 Syrian newcomers to rebuild their lives in Canada through skills training and acquiring certifications and licenses to practice selected occupations in Ontario. These skills training will be provided in parallel with other supports provided to the Syrian newcomers such as connecting them with employment supports, language programs, educational opportunities, professional networks, and community connections. The Project will involve a mentorship component and will offer financial literacy support to promote socio- economic inclusion and long-term financial security.
